Limited Conditional Power Connect Request Form

Limited Conditional Power (LCP) is used primarily, but not exclusively, to maintain environmental conditions on buildings where a CO or TCO have not been issued, i.e. a building not approved for occupancy.

LCP use in connection with mechanical permits is limited by Department policy on shell buildings (i.e. heating to 40 degrees and no cooling). Please contact the Mechanical Code Administrator in this instance.

The electric permit must be finalized before the utility company of record will be notified. If the permit is part of an "active" building, the owner, owner's representative (with written authorization from the owner) will be required to submit this application for the power connection.

Electrical Permit Number: E _____

Project Address: _____

Limited Conditional Power Connect (please initial each space)

- a) I acknowledge responsibility for any outstanding holds. **YES** _____
- b) I acknowledge that LCP does NOT grant occupancy. **YES** _____
- c) I acknowledge that LCP shall be terminated if:
- there is an illegal occupancy.
 - there is misuse of the LCP agreement.
 - there is a hazardous condition imposing safety conditions. **YES** _____
- d) I acknowledge that a placard will be posted conspicuously on site, with a note "not to remove" stating the conditions of the LCP. **YES** _____

The LCP fee charge is determined by the number of square feet on the building. These fees will be charged to the General (Building) Contractor. The fee schedule for LCP is as follows:

- Less than 3,000 sq. ft. = \$90
- From 3,000 sq. ft. to 10,000 sq. ft. = \$100
- Greater than 10,000 sq. ft. = \$150

Submitted By (please print name): _____

Signature: _____ Date ____/____/____
